01-05-2018	Michael Winston and Jeff Kalms

**DUTIES** see dropbox and posting on refrigerator in kitchen area

1. Before rostered day on check that coffee, tea, milk, sugar and margarine or butter (if needed) are available. Some have decaf. This is easily done before leaving the week before.
2. Bring some morning tea. Simple is good. Most of us do not need to be tempted with goodies that are not healthy.
3. Clean up including vacuuming. Check plug is out of sink and tap is off.
4. Turn off lights, AC etc. Make sure room is secure.
5. Make swaps if needed (best done directly with other members).
6. One to take tea towels for washing and return next visit.
7. Empty bin and replace with bags available (double line) on first Tuesday of month.
8. Let me know of problems or unexpected unavailability.

Many thanks for your participation

David Palmer
