

CAR PARKING FEES 2022

(These fees apply from 1 January 2022 and are subject to change)

REGULAR CAR PARK HIRERS

Prices will be reviewed in mid-2022 and may increase for the second half of the year. Hirers who RENEW ANNUALLY from 1 January 2022 can beat any price rise by paying only the annual rate specified below.

PAYMENT MAY BE MADE AS FOLLOWS:

Annual:	\$1,748.00 per year payable in advance
Bi-annual:	\$905.00 per half year payable in advance
Quarterly:	\$461.00 per quarter payable in advance
Monthly:	\$164.00 per month or part of a month payable in advance. (ie \$1,968 per annum)

If you choose annual, bi-annual or quarterly as the payment period, the commencing charge will be prorata per month or part of a month – $1/12^{\text{ths}}$, $1/6^{\text{ths}}$ or $1/3^{\text{rds}}$ depending on the period chosen. Similarly at termination, any refund due will be calculated on the same basis provided there is more than 15 days to run from the date of notification.

Contracts are for the current payment period (month, quarter etc). Discounts shown above are applicable for payment once, twice or four times a year. There is no discount for monthly payments. To retain your space and boom gate access, full payment is required in advance of each payment period chosen. Failure to make these payments in advance will result in your boom gate access being disabled until evidence that payment has been made.

One boom gate **ACCESS CARD** per parking space is issued upon payment of a refundable deposit of \$25.00. If you lose your card you will forfeit the \$25.00. If a replacement is required then a further refundable deposit is required.

PAYMENT ARRANGEMENTS:

- For all hirers the electronic funds transfer is the preferred method of payment in advance – see third dot point below.
- First payment, for the payment period chosen plus the amount for the following payment period, shall be made *before* the first day of access to the facility.
- Thereafter all payments shall be made in advance by EFT on or before the 1st day of every payment period (month, quarter, half year or year). An administration charge \$15.00 will be incurred if payments are made late, in cash or by cheque.
